

Electrical Part for Forklifts

Forklift Electrical Part - Lift trucks along with different forklifts may have particular labels for use in certain hazardous locations. The mark indicates that this particular model of forklift meets the minimum standards of ANSI/UL 553 utilized for electric lift trucks or ANSI/UL 558 meant for internal combustion engine lift trucks.

The application for labels used for lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance provider and Fire Marshall for additional info concerning the permitted uses of industrial powered lift trucks in your application.

If the forklift has been found to meet the outlined criteria, the following labels could be placed. A labeled truck will have the model designation put on the lift truck nameplate and will have one of the following labels placed.
