Advance-Nilfisk Part - Imagine how long and tedious it would actually be to tidy up after a party, without help from equipment. Previously, the dirt from carpets and upholstery had to be beat out of them by hand; brushes, cleaning cloths and brooms were the leading cleaning products during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in the year 1906, he began to produce motors so as to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's vision from the beginning was to own an international company advertising products globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by one individual. This creation came in a time where numerous cleaning machines were massive and needed at least 4 operators, therefore, the Nilfisk C1 changed everything and evolved the method we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment provide a brilliant solution to an ongoing dilemma; things get dirty and must be cleaned regularly, without a lot of effort.

Slowly but steadily, Nilfisk-Advance grew through the years. In the nineteen eighties, this expansion truly took place the time the company became a part of the NKT Group. Their new owners' ambition and motivation made Nilfisk-Advance take a huge leap forward within the trade, trying to be among the leading global players in the market of professional cleaning machines. Nilfisk-Advance is presently represented in all parts of the globe by gradually acquiring lots of smaller businesses to be able to expand their product range and presence in new markets. They are proud to offer a range of cleaning solutions to fit every requirement.
